Layout:
Homepage:

Feature high-quality images of popular motor products.
Include a prominent search bar for easy navigation.
Display special offers, promotions, or new arrivals.
Header:

Place the logo at the top-left for brand recognition.
Include navigation links to key sections (e.g., Home, Shop, Brands, Accessories,
About Us, Contact).
Add a prominent "Search" bar for quick product searches.
Navigation:

Categorize motor products logically (e.g., Motorcycles, Scooters, Parts,
Accessories).
Use clear and concise labels for navigation items.
Implement a mega menu or dropdowns for subcategories.
Product Pages:

Use a grid layout for product listings with clear images and concise product
details.
Include sorting and filtering options for easy product selection.
Add a "Quick View" option for a brief product overview.
Product Details:

Present detailed product information, specifications, and pricing.
Include customer reviews and ratings.
Add a prominent "Add to Cart" button.
Shopping Cart:

Clearly display the selected items with images and prices.
Allow users to easily modify quantities or remove items.
Show a summary of the total cost.
Checkout:

Streamline the checkout process with a clean and intuitive layout.
Include secure payment options.
Provide order summary, shipping details, and order confirmation.
Footer:

Include essential links (e.g., Terms and Conditions, Privacy Policy, Returns).
Add contact information and social media links.
Implement a newsletter signup for updates and promotions.
Menus:
Main Navigation:

Home
Shop (or Motorcycles, Scooters, Parts, Accessories)
Brands
Accessories
About Us
Contact
Submenus (if applicable):

Under "Shop," have submenus for Motorcycles, Scooters, Parts, and Accessories.
Brands could have dropdowns for specific brand categories.
Responsive Menus:

Ensure the website is mobile-friendly with a responsive menu.
Consider a collapsible menu for smaller screens.
Header Icons:

Include icons for user account/login, shopping cart, and search for quick access.
